

BRITSAFE LEVEL 2

AWARD IN WORKING SAFETY

106/5279/2

Introduction:

The Britsafe Level 2 Award in Working Safety is a regulatory-aligned qualification designed to develop essential safety competence among employees operating in diverse work environments where health and safety performance directly impacts operational integrity. Intended for technicians, skilled workers, contractors, and support staff, this course builds on foundational awareness to instil a deeper understanding of individual legal responsibilities, hazard identification, safe working practices, and the integration of controls within dynamic settings. Structured around the Health and Safety at Work Act, Management of Health and Safety at Work Regulations, and key HSE guidance, learners engage with practical scenarios covering risk assessment contribution, incident response, equipment and chemical safety, and their role in supporting a positive safety culture. The course is distinguished by its focus on empowering individuals to make safe decisions independently, communicate effectively on safety issues, and apply safe systems of work in real time. This qualification enhances workplace accountability, strengthens compliance, and supports a workforce that is both safety-conscious and operationally reliable.

Qualification Regulation and Support:

The Britsafe Level 2 Award in Working Safety is developed and awarded by Britsafe™ Qualifications UK Limited. This qualification aligns with the Health and Safety at Work Act and relevant supporting legislation, promoting practical understanding of individual safety responsibilities. All assessments and quality assurance are managed within the awarding body's regulated qualification framework.

Qualification Overview and Objective:

The Britsafe Level 2 Award in Working Safety is designed for individuals at various levels in an organization. Participants acquire knowledge and skills related to working safety, risk assessment, control measures, and emergency procedures. This qualification ensures compliance with legal requirements, contributing to a safer working environment for individuals at all levels within an organization.

The objective of the qualification is to:

- Understand the principles and importance of working safety.
- Identify potential risks and hazards in various work environments.
- Learn effective strategies for working safety.
- Gain knowledge of risk assessment, control measures, and emergency procedures.
- Demonstrate compliance with legal requirements for working safety.

Entry Requirements:

To register for this qualification, learners are required to meet the following entry requirements:

- Must be aged 16 and over
- Participants should have a basic understanding of the English language to effectively engage with course materials and assessments.
- This course is open to individuals of all backgrounds and experience levels who have an interest in workplace health and safety.

Geographical Coverage:

This qualification is suitable for delivery in England, Northern Ireland, Wales and can be offered internationally.

Delivery/Assessment Ratios:

To effectively deliver this qualification, centres are recommended not to exceed the ratio of 1 Qualified Tutor to 12 Learners in any one instance. If centres wish to increase the recommended ratio, they must first inform your dedicated Britsafe™ accounts manager before doing so.

Centre Requirements:

To effectively deliver this qualification, centres should have the following resources in place:

- Classroom with suitable seating and desks; and
- High-quality teaching and learning resources.

Guidance on Delivery:

The total qualification time (TQT) for this qualification is 8-hours and of this 8-hours is recommended as guided learning (GL). TQT is an estimate of the total number of hours it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming Guided Learning Hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

Guidance on Assessment:

This qualification is assessed through a multiple-choice question exam.

- Centre's must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.
- Centres must follow Britsafe™ Examination and Invigilation Procedures. Completed examination papers are to be returned to Britsafe™ for marking or If in case of online examination; records shall be updated on EMS portal accordingly.

Guidance on Quality Assurance:

Britsafe™ requires centres to have in place a robust mechanism for internal quality assurance. Britsafe™ will support centres by conducting ongoing engagements to ensure and verify the effective and efficient delivery, quality assurance and invigilation of the qualification.

Tutor Requirements:

Britsafe™ recommends nominated tutors for this qualification meet the following requirements:

- A relevant health and safety qualification at Level 3 or higher,
- Membership of a professional body (e.g., IOSH, IIRSM) is desirable.
- Hold a relevant subject area qualification/or be occupationally competent.
- Hold a recognized teaching/training qualification (or suitable equivalent).
- Level 3 Award in Education and Training (AET) or Train The Trainer.
