

BRITSAFE LEVEL 2

AWARD IN FIRE SAFETY AND PREVENTION PLANS

114/5332/2

Introduction:

The Britsafe Level 2 Award in Fire Safety and Prevention Plans provides structured competency training for individuals responsible for implementing, monitoring, or supporting fire prevention strategies in the workplace. This course equips learners with the technical knowledge required to understand ignition sources, fire propagation, and preventive engineering and administrative controls, while aligning with key legislative duties under the Regulatory Reform (Fire Safety) Order 2005. Designed for facilities coordinators, team leads, and those tasked with risk control, the qualification focuses on fire prevention planning, emergency preparedness, and the development of workplace-specific fire safety measures. Learners completing this programme will be prepared to support their organisation's fire prevention objectives with clarity, compliance, and risk-based decision-making.

Qualification Regulation and Support:

The Britsafe Level 2 Award in Fire Safety and Prevention Plans is a proprietary qualification developed and awarded by Britsafe™ Qualifications UK Limited. It is structured to reflect practical industry requirements and internal awarding standards. This qualification is supported by comprehensive learner guidance and centre quality assurance protocols established by Britsafe™.

Key facts:

Qualification Number:	114/5332/2
Minimum Contact Hours:	8
Guided Learning Hours:	8
Credit Value:	1
Credential Status:	Award
Assessment Method:	Multiple-choice examination

Qualification Overview and Objective:

The Britsafe Level 2 Award in Fire Safety and Prevention Plans is designed for individuals involved in developing and implementing fire safety plans. Participants acquire knowledge and skills related to risk assessment, prevention planning, and emergency response. This qualification ensures compliance with legal requirements, contributing to a safer environment through effective fire safety and prevention plans.

The objective of the qualification is to:

- Understand the principles of fire safety and prevention planning.
- Identify and assess fire hazards and risks.
- Learn effective strategies for developing and implementing fire prevention plans.
- Gain knowledge of emergency response and evacuation procedures.
- Demonstrate compliance with legal requirements for fire safety and prevention plans.

Entry Requirements:

To register for this qualification, learners are required to meet the following entry requirements:

- Must be aged 16 and over
- Participants should have a basic understanding of the English language to effectively engage with course materials and assessments.
- This course is open to individuals of all backgrounds and experience levels who have an interest in workplace health and safety.

Geographical Coverage:

This qualification is suitable for delivery in England, Northern Ireland, Wales and can be offered internationally.

Delivery/Assessment Ratios:

To effectively deliver this qualification, centres are recommended not to exceed the ratio of 1 Qualified Tutor to 12 Learners in any one instance. If centres wish to increase the recommended ratio, they must first inform your dedicated Britsafe™ accounts manager before doing so.

Centre Requirements:

To effectively deliver this qualification, centres should have the following resources in place:

- Classroom with suitable seating and desks; and
- High-quality teaching and learning resources.

Guidance on Delivery:

The total qualification time (TQT) for this qualification is 8-hours and of this 8-hours is recommended as guided learning (GL). TQT is an estimate of the total number of hours it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming Guided Learning Hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

Guidance on Assessment:

This qualification is assessed through a multiple-choice question exam.

- Centre's must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.
- Centres must follow Britsafe™ Examination and Invigilation Procedures. Completed examination papers are to be returned to Britsafe™ for marking or If in case of online examination; records shall be updated on EMS portal accordingly.

Guidance on Quality Assurance:

Britsafe™ requires centres to have in place a robust mechanism for internal quality assurance. Britsafe™ will support centres by conducting ongoing engagements to ensure and verify the effective and efficient delivery, quality assurance and invigilation of the qualification.

Tutor Requirements:

Britsafe™ recommends nominated tutors for this qualification meet the following requirements:

- A relevant health and safety qualification at Level 3 or higher,
- Membership of a professional body (e.g., IOSH, IIRSM) is desirable.
- Hold a relevant subject area qualification/or be occupationally competent.
- Hold a recognized teaching/training qualification (or suitable equivalent).
- Level 3 Award in Education and Training (AET) or Train The Trainer.

The background of the entire page is a photograph of three firefighters in full protective gear, including helmets and oxygen tanks, standing in front of a large fire. They are holding a hose that extends towards the flames. The scene is filled with smoke and fire, creating a dramatic and intense atmosphere. The entire image is overlaid with a semi-transparent red filter.
