

BRITSAFE LEVEL 4

CERTIFICATE IN ADVANCED FIRST AID AND TRAUMA MANAGEMENT

116/5340/4

Introduction:

The Britsafe Level 4 Certificate in Advanced First Aid and Trauma Management is an expert-level qualification designed for professionals operating in high-risk or remote environments where immediate, advanced intervention is critical. This course equips learners with the knowledge and practical competencies to assess, stabilise, and manage complex trauma scenarios, including catastrophic bleeding, airway compromise, shock, and multiple casualty incidents. It aligns with industry-specific emergency response protocols and prepares participants to operate confidently as lead responders prior to clinical handover. Ideal for those in construction, offshore energy, emergency services, or remote fieldwork, the qualification enhances operational readiness and demonstrates advanced proficiency in workplace health and emergency care under pressure.

Qualification Regulation and Support:

The Britsafe Level 4 Certificate in Advanced First Aid and Trauma Management has been designed to meet the demands of high-risk sectors requiring immediate clinical-level intervention. It reflects current workplace first aid regulations, trauma care protocols, and emergency response best practices. The qualification is developed and awarded by Britsafe™ Qualifications UK Limited.

Key facts:

Qualification Number:	116/5340/4
Minimum Contact Hours:	56
Guided Learning Hours:	56
Credit Value:	6
Credential Status:	Certificate
Assessment Method:	Multiple-choice examination

Qualification Overview and Objective:

The Britsafe Level 4 Certificate in Advanced First Aid and Trauma Management is designed for individuals with responsibilities for advanced first aid and trauma response. Participants acquire advanced knowledge and skills in responding to complex medical emergencies and traumatic incidents. This qualification ensures competence in providing advanced first aid and trauma management in high-risk situations.

The objective of the qualification is to:

- Develop advanced knowledge and skills in first aid and trauma management.
- Identify and respond to complex medical emergencies and traumatic incidents.
- Learn advanced first aid techniques, including CPR, wound management, and life support.
- Gain proficiency in coordinating emergency medical response in high-risk situations.
- Demonstrate competence in providing advanced first aid and trauma management.

Entry Requirements:

To register for this qualification, learners are required to meet the following entry requirements:

- Must be aged 16 and over
- Participants should have a basic understanding of the English language to effectively engage with course materials and assessments.
- This course is open to individuals of all backgrounds and experience levels who have an interest in workplace health and safety.

Geographical Coverage:

This qualification is suitable for delivery in England, Northern Ireland, Wales and can be offered internationally.

Delivery/Assessment Ratios:

To effectively deliver this qualification, centres are recommended not to exceed the ratio of 1 Qualified Tutor to 12 Learners in any one instance. If centres wish to increase the recommended ratio, they must first inform your dedicated Britsafe™ accounts manager before doing so.

Centre Requirements:

To effectively deliver this qualification, centres should have the following resources in place:

- Classroom with suitable seating and desks; and
- High-quality teaching and learning resources.

Guidance on Delivery:

The total qualification time (TQT) for this qualification is 56-hours and of this 56-hours is recommended as guided learning (GL). TQT is an estimate of the total number of hours it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming Guided Learning Hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

Guidance on Assessment:

This qualification is assessed through a multiple-choice question exam.

- Centre's must take all reasonable steps to avoid any part of the assessment of a learner (including any internal quality assurance and invigilation) being undertaken by any person who has a personal interest in the result of the assessment.
- Centres must follow Britsafe™ Examination and Invigilation Procedures. Completed examination papers are to be returned to Britsafe™ for marking or If in case of online examination; records shall be updated on EMS portal accordingly.

Guidance on Quality Assurance:

Britsafe™ requires centres to have in place a robust mechanism for internal quality assurance. Britsafe™ will support centres by conducting ongoing engagements to ensure and verify the effective and efficient delivery, quality assurance and invigilation of the qualification.

Tutor Requirements:

Britsafe™ recommends nominated tutors for this qualification meet the following requirements:

- A relevant health and safety qualification at Level 3 or higher,
- Membership of a professional body (e.g., IOSH, IIRSM) is desirable.
- Hold a relevant subject area qualification/or be occupationally competent.
- Hold a recognized teaching/training qualification (or suitable equivalent).
- Level 3 Award in Education and Training (AET) or Train The Trainer.
